

## Independent Auditors' Report to the Members of Finsbury Food Group Plc

### Report on the Audit of the Financial Statements

#### Opinion

In our opinion:

- Finsbury Food Group Plc's Group Financial Statements and Company Financial Statements (the "Financial Statements") give a true and fair view of the state of the Group's and of the Company's affairs as at 29 June 2019 and of the Group's profit and cash flows for the 52 week period (the "period") then ended;
- The Group Financial Statements have been properly prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union;
- The Company Financial Statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law); and
- The Financial Statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the Financial Statements, included within the Annual Report and Accounts (the "Annual Report"), which comprise: the Consolidated Statement of Financial Position and Company Balance sheet as at 29 June 2019; the Consolidated Statement of Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated and Company Statements of Changes in Equity for the 52 week period then ended; and the Notes to the Consolidated and Company Financial Statements, which include a description of the significant accounting policies.

#### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the auditors' responsibilities for the audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Independence

We remained independent of the Group in accordance with the ethical requirements that are relevant to our audit of the Financial Statements in the UK, which includes the FRC's Ethical Standard, as applicable to listed entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

### Our Audit Approach

#### Overview

#### Materiality

- Overall Group materiality: £1.6 million based on 0.5% of revenue
- Overall Company materiality: £0.9 million, based on 1% of total assets

#### Audit Scope

- We performed full-scope audit procedures in respect of the Group's largest manufacturing locations as well as Finsbury Food Group Plc
- Our audit scope also included specified audit procedures in respect of the acquisition of Ultrapharm in September 2018
- Our audit procedures covered entities contributing 86% of the Group's revenues for the period ended 29 June 2019

#### Key Audit Matters

- Goodwill and Company investment in subsidiaries impairment assessments (Group and Company)

#### The Scope of our Audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the Financial Statements. In particular, we looked at where the Directors made subjective judgements, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

#### Key Audit Matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the Financial Statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

## Independent Auditors' Report to the Members of Finsbury Food Group Plc

Key audit matter	How our audit addressed the key audit matter
Goodwill and Company investment in subsidiaries impairment assessments – Group and Company.	We obtained the Group's cash flow forecasts supporting its assessments and challenged the appropriateness of key assumptions. We assessed the methodology used by management in performing the assessments and challenged key inputs including:
At 29 June 2019, the Consolidated Statement of Financial Position includes £80.7 million of goodwill (2018: £69.2 million) and the Parent Company has fixed asset investments of £118.5 million (2018: £101.0 million).	<ul style="list-style-type: none"> <li>• The projected growth rates used, both over the short-term to 2022 and over the longer-term;</li> <li>• The discount rate used; and</li> <li>• Other key inputs, including the forecast margins and capital expenditure.</li> </ul>
In accordance with the requirements of IFRS, management has performed impairment reviews in relation to the goodwill held in the Group's cash generating units (CGUs). The book values of the goodwill are supported by three year forecasts for each of the CGUs.	We also considered 2019 financial performance compared to budget and the performance post year end. We performed a range of sensitivity analyses to assess the impact of alternative assumptions to those used by management.
The impairment reviews include significant estimates and judgements in respect of future growth rates and cash flows, the discount rate employed and profitability.	We concur with management's assertion that no impairment charge is required in respect of goodwill or the investments in subsidiaries but identified that if management is unable to achieve planned results, this could reasonably be expected to give rise to an impairment in the future. Management has disclosed the results of sensitivity analyses in Note 11.
These impairment reviews have also been used to consider the recoverability of the Company's investment in its subsidiaries.	

### How we Tailored the Audit Scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the Financial Statements as a whole, taking into account the structure of the Group and the Company, the accounting processes and controls, and the industry in which they operate.

The Group has five main manufacturing sites across the UK, together with a distribution centre in France, a recent acquisition with operations in the UK and Poland and a head office location based in the UK. Each manufacturing site has its own accounting team and the financial reporting for Finsbury Food Group Plc is undertaken by a team based at the head office.

Of the Group's five reporting components, four are considered to be financially significant components of the Group, given the significant revenue generated at these locations. All of these components were based in the UK and full scope audit procedures were led by the Group engagement team. The Group engagement team also audited the Parent Company, which was scoped in accordance with the Company materiality and focused on the investment carrying value and the revolving credit facility held by the Company.

Our audit scope also included specified audit procedures in respect of the acquisition of Ultrapharm in September 2018. This work was performed by the Group engagement team. Our audit addressed components making up 91% of the Group's revenues for the period.

### Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual Financial Statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the Financial Statements as a whole.

Based on our professional judgement, we determined materiality for the Financial Statements as a whole as follows:

	Group Financial Statements	Company Financial Statements
<b>Overall materiality</b>	£1.6 million	£0.9 million
<b>How we determined it</b>	0.5% of revenue	1% of total assets
<b>Rationale for benchmark applied</b>	We determined our materiality based on revenue as this is a key metric used by management and investors and given the relative volatility of profit before tax in recent years, this was considered to be a more consistent metric.	We determined our materiality based on total assets, which is more applicable than a performance-related measure as the Company is primarily an investment holding Company for the Group.

For each component in the scope of our Group audit, we allocated a materiality that is less than our overall Group materiality. The range of materiality allocated across components was between £0.7 million and £1.5 million. Certain components were audited to a local statutory audit materiality that was also less than our overall Group materiality.

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above £79,000 (Group audit) and £44,000 (Company audit) as well as misstatements below those amounts that, in our view, warranted reporting for qualitative reasons.

## Independent Auditors' Report to the Members of Finsbury Food Group Plc

### Conclusions Relating to Going Concern

ISAs (UK) require us to report to you when:

- The Directors' use of the going concern basis of accounting in the preparation of the Financial Statements is not appropriate; or
- The Directors have not disclosed in the Financial Statements any identified material uncertainties that may cast significant doubt about the Group's and Company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the Financial Statements are authorised for issue.

We have nothing to report in respect of the above matters.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Group's and Company's ability to continue as a going concern. For example, the terms on which the United Kingdom may withdraw from the European Union are not clear, and it is difficult to evaluate all of the potential implications on the Group's trade, customers, suppliers and the wider economy.

### Reporting on Other Information

The other information comprises all of the information in the Annual Report other than the Financial Statements and our auditors' report thereon. The Directors are responsible for the other information. Our opinion on the Financial Statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the Financial Statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

### Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the period ended 29 June 2019 is consistent with the Financial Statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the Group and Company and their environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

### Responsibilities for the Financial Statements and the Audit

#### Responsibilities of the Directors for the Financial Statements

As explained more fully in the Statement of Directors' Responsibilities in Respect of the Annual Report and the Financial Statements set out on page 49, the Directors are responsible for the preparation of the Financial Statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The Directors are also responsible for such internal control as they determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

A further description of our responsibilities for the audit of the Financial Statements is located on the FRC's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our Auditors' Report.

#### Use of this Report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

**Independent Auditors' Report to the  
Members of Finsbury Food Group Plc**

**Other Required Reporting**

**Companies Act 2006 Exception Reporting**

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- We have not received all the information and explanations we require for our audit; or
- Adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- Certain disclosures of Directors' remuneration specified by law are not made; or
- The Company Financial Statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.
